

Porcelain Steel Desks & Tables

Model No: 70522 - 70529(K)

OVERVIEW:

New porcelain steel top surface options offer a durable surface with superior writability and erasability as compared to whiteboard laminate options.

TOP:

The top is made of 1 1/8" 45# particleboard core with 24 Ga porcelain steel work surface and injection molded, polypropelene edgebanding. Table bottom is covered with high-pressure laminate for balanced construction. Edgeband available in black only and uses no nails or glue.

LEG RECEIVER:

The 1.5" diameter 14 guage powder coated leg receiver is welded to a 10 gauge steel top plate and two 12 gauge fins for strength. Legs are directly mounted to the top with six #10 x 1" wood screws.

LEG INSERT:

The leg insert is a 34mm 17-gauge chrome plated steel tube with welded in threaded glide insert.

GLIDES / CASTERS:

Legs are standard with nylon glides that have 3/4" height adjustment range for leveling, and an M10 threaded stem. 50mm single-hard wheel casters with a M10 threaded stem are available for easy field installation in locking and non-locking. Casters add 3" of height to the desk.

HEIGHT ADJUSTMENT:

Adjustment range is from 22"-32" in 1" increments for standard leg and 12"-18" for kids height leg. Two M6 x 15MM low profile socket head screws with an allen drive are used to tighten the leg at the chosen height.

OPTIONS / ACCESSORIES:

Optional accesories include a pair of casters, backpack hook, enclosed book box, ganging device, and clamp mounted electrical unit.

COMPLIANCE:

All desks meet or exceed ANSI/BIFMA testing requirements.

Indoor Advantage Gold certified.
