

Active Classroom™ by MOORECO Grow Stool

Model No: 50960-XXXX, 50970-XXXX 50960N-XXXX, 50970N-XXXX

OVERVIEW:

The Hierarchy Grow stools offer a unique alternative to student chairs, allowing for adjustable seat heights of 14" to 18" and 17" to 24", and the full lineup of hierarchy colors. Built to "wobble", these stools help ease student discomfort from sitting still for extended periods of time, while allowing them to stay focused in the classroom.

BODY:

A Two-piece body assembly is comprised of an upper and lower tapered body component, a seat and a base. Both body components are made of reinforced polypropylene standard in all eight (8) Hierarchy colors.

BASE:

The convex base is reinforced polypropylene for strength and durability with a non-skid over-molded thermoplastic elastomer (TPE) surface.

SEAT:

The reinforced polypropylene for strength and durability with a non-skid over-molded thermoplastic elastomer (TPE) surface.

CYLINDER:

#50960 pneumatic cylinder requires a minimum of 35 Lbs. to partially compress. 55 Lbs. for full compression. #50970 pneumatic cylinder requires a minimum of 50 Lbs. to partially compress. 65 Lbs. for full compression. The non-rotating Grow Stool utilizes a hexagonal shaft on the cylinder to prevent rotation.

CONSTRUCTION:

The body is assembled with a pneumatic cylinder and the seat and base are assembled by ten (10) #12 x 7/8" screw

OPTIONS / ACCESSORIES:

The grow school comes in two heights, each with a varied adjustment range. All Hierarchy color options are available.

COMPLIANCE:

Meets or Exceeds ANSI/BIFMA x6.1-2012
