our **dedication** to you
goes beyond words...

“ [MooreCo’s] expertise in creating innovative and functional furniture solutions was first-class, and we were thrilled with the final result. The new furniture solutions are modernized, versatile, and perfectly aligned with the vision of our client for enhancing their students’ learning experiences. We highly recommend MooreCo to any organization seeking top-quality furniture solutions.”

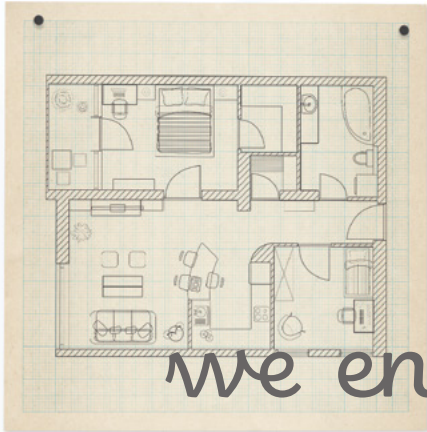

Patricia Runge
Associate Interior Designer, O’Connell Robertson

“ Working with a tight budget and scope of work that covered such a large range of ages was a difficult task, but [MooreCo always had] a product available to fit the client’s needs. They listened to the design team and client’s concerns to provide useful solutions in a variety of areas. Touring the showroom and factory with the client was a great experience for all to see a local Texas company that provides for its community.”

Emilie Ogburn
Interior Designer III, Perkins + Will

“ MooreCo [was able to provide] me multiple furniture types...They were able to provide the different configurations and combinations in which some of the furniture pieces could be arranged. With MooreCo’s help, we were able to quickly turn around and present the owner a variety of options. The client really liked it and was able to order it for their new building. Working with [MooreCo] was so simple, and they were able to provide all the information and imagery I needed. If you ever have the opportunity to work with this team, you will also be impressed.”

Sean Pantin
Principal/Senior Designer, PBK

We ensure **excellence**
in everything we do...

At MooreCo, we offer designers a wide selection of tools and resources that ensure each project is a success. We are ready to provide in-depth product knowledge, custom designed furniture, and full rendering support for your team when you're on a tight schedule.

We understand the needs of the industry's busy market and tight deadlines. We have curated a suite of services to support every project efficiently and professionally, from simple tools like Revit/CAD files, to a brand new designer portal, dynamic product configurator, and a recognized knowledge center featuring white papers and expert voices.

When you're ready to start your project, MooreCo's design services, product customization, website tools, and personal project management will ensure your vision becomes a reality without the stress.

to **thrive** is to be
your best.
always.

The Thrive philosophy was created to show how the conscious design of environments can impact human happiness and health for all. Incorporating six key facets of human development, Thrive encapsulates thoughtful consideration of every space—where all are supported, encouraged, and given the tools to succeed and grow.

Product Configurator

Our new dynamic product configurator will help you design a product in real time with all the product variables, finishes, and accessories while providing you the part number and price for your spec.

A screenshot of a 3D product configurator interface. On the left is a 3D rendering of a red cabinet on wheels with two shelves. On the right is a configuration panel for the 'COMPASS CABINET MINI H1' by MooreCo. The MSRP is \$619.61 - \$1,755.39. The SKU is A1A1C1D1F0 and dimensions are 28.4"H x 14.8"W x 19.2"D. The configuration options include:

- Side Panels: Standard
- Panel Color: Red (with a color palette where red is selected)
- Back Panel: Standard
- Interior: (1) Shelf
- Top: Handles
- Door: None
- Feet: Casters

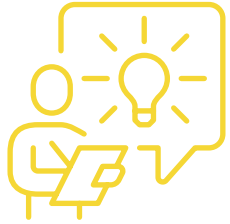

At the bottom, there is a 'Clear Selections' button, a quantity selector set to '1', a subtotal of '\$728.75', and a yellow 'ADD TO QUOTE BASKET' button. A 'View in Your Space' button is also visible at the bottom left.

Design Platforms

We have also partnered with leading design services in the industry such as CET, Project Matrix, My Resource Library, and others.

Designer Portal

Our new Designer Portal will help design your dream space with MooreCo products, faster than ever. Access the numerous environment typicals we designed and use them for your project.

Download the entire space or simply choose the furniture grouping you like. You can save your favorites and create lists with multiple projects. All BOMs are included.

From Render to Reality™

Are you crunched for time? Is your project overwhelming? Not to worry, our Render To Reality program is here to help. Our team of designers are available to assist you, will follow your specs, render your space, or help you with product knowledge and applications at no cost for you.

Materials & Finishes

Our new Materials & Finishes Guide will keep you up to date with details on new finishes, colors and items in stock versus those with longer lead times.

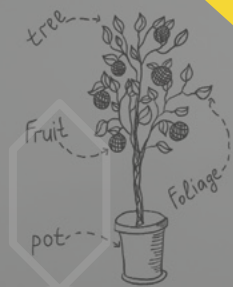

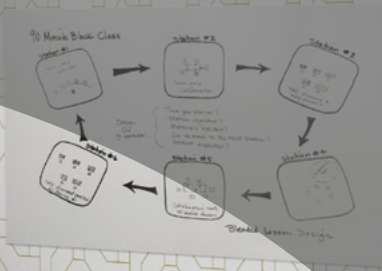

Custom Designs

Have something in mind that is not a standard product? Share your ideas with our furniture designers and engineers who will work to make your idea come to life safely and with the quality it deserves.

Need it fast?

When waiting isn't an option, our QuickShip program has you covered. Since 2003, MooreCo has offered an extensive stock offering of our best-selling items in top industry finishes and colors, and numerous products that ship as quickly as two days.
