

# HIERARCHY CREATOR DESK

+ Porcelain Steel Top

- MooreCo now offers more desks with a porcelain steel top, providing a durable surface with superior writability and erasability in any space.
- Porcelain steel whiteboard provides space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.
- Porcelain reduces ambient reflection and glare over standard HPL markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.
- Tests show our 24-gauge porcelain is more than twice as hard, and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant than laminate.
- Erasability is more than twice as good on a porcelain surface versus laminate dry erase surface when both surfaces are new, and holds up to use, showing better erasability over time.
- Porcelain resists delamination, keeping dry erasability intact for the life of the desk.
- Comes with molded polypropylene edge banding in black only. Edge is slightly raised for a fully encapsulated top, ensuring steel will not rust.
- Powder-coated steel legs are designed for quick assembly and one-screw adjustment, available with a platinum or black finish (please note: black youth height and standing height legs are considered custom and incur longer lead times and MOOs).
- Choose from three leg height adjustment ranges to fit the users and activities for your environment. Standard legs (1-½" diameter) adjust from 18" to 29"H. Youth height legs (1-½" diameter) adjust from 12" to 18"H. And standing height legs (1-¾" diameter) adjust from 27" to 42"H.
- Legs include floor safe glides, or choose optional dual-wheel locking casters for easy pod configuration.
- All desks meet or exceed ANSI/BIFMA testing requirements.
- SCS Indoor Advantage Gold Certified.
