

COMMUNITY TABLE

Nurture open communication and collaboration.

Natural communication and inclusivity flows with shared table spaces.

MOORECO™

Community Table

Natural communication and inclusivity flows with shared table spaces.

Conversation is more natural and organic when users are seated in close proximity to each other in a space that allows everyone to be included.

Laminate tables are available in a wide variety of heights, widths, and depths, and come standard with a laminate modesty panel for structural stability. Available in all standard laminates or customize to personalize your space.

Adapt your table to the needs of your space with grommet option, power assembly options, or bag hooks for convenience.

Understanding the needs of space and resources available, the Community Table and Bench are available to ship assembled or ready to assemble. Assembled tables will minimize time on site, helping to reduce costs of installation and assembly.

Ready to assemble tables are ideal for spaces with narrow doors or second stories. Professional assembly recommended.

SCS Indoor Advantage Gold Certified.
