

HIERARCHY BEAM DESK

with Porcelain Steel Top

Only available from MooreCo.

Upgrade to porcelain steel top for more comfortable and durable performance.

HIERARCHY BEAM DESK + PORCELAIN STEEL TOP

- Introducing the new Hierarchy Beam Desk with a superior porcelain steel top for more comfortable and durable performance, available exclusively from MooreCo.
- Hierarchy Beam Desk brings simplicity and functionality in a customizable package made to fit any classroom or study setting. Offering quick and easy assembly, height adjustability, and numerous group configurations.
- Porcelain steel whiteboard provides space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.
- Porcelain reduces ambient reflection and glare over standard HPL markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.
- Tests show our 24-gauge porcelain is more than twice as hard, and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant than laminate.
- Erasability is more than twice as good on a porcelain surface versus laminate dry erase surface, and holds up to use, showing better erasability over time.
- Porcelain resists delamination, keeping dry erasability intact for the life of the desk.
- Comes with molded polypropylene edge banding in charcoal. Edge is slightly raised for a fully encapsulated top, ensuring steel will not rust.
- Powder-coated steel legs are designed for quick assembly and one-screw adjustment, available with a platinum or black finish (please note: black youth height and standing height legs are considered custom and incur longer lead times and MOQs).
- Choose from three leg height adjustment ranges to fit the users and activities for your environment. Standard legs (1-1/2" diameter) adjust from 18" to 29"H. Youth height legs (1-1/2" diameter) adjust from 12" to 18"H. And standing height legs (1-3/4" diameter) adjust from 27" to 42"H.
- Legs include floor safe glides, or choose optional dual-wheel locking casters for easy pod configuration.
- All desks meet or exceed ANSI/BIFMA testing requirements. SCS Indoor Advantage Gold Certified.
