

RESPITE

All Foam Soft Seating

MOORECO™

CONSTRUCTION & FEATURES:

- This tranquil collection of sturdy foam floor pads and ottomans is designed to help young students discover different learning positions and shoot for the stars. Foam seating encourages choice and fosters autonomy so students can become agents in their learning.
- Gently sloping shapes and sturdy block forms offer support and add visual stimulus in unsuspecting ways. Designate rest areas for a physical and mental boost, offer alternative seating for inclusivity, associate shapes with calming mindfulness exercises, and organize small breakout groups. Block forms can be used as seats, back rests, or even work surfaces. Lounge seats offer different classroom perspectives and vantage points.
- Changing seats and adjusting positions periodically results in positive physical effects. Have students move the seat pads to create their own environment, learn about their bodies, and promote autonomy.
- Respite soft seating pieces are made of high-density foam with a zipper cover. Available in a wide range of colorful QuickShip fabrics for guaranteed fast delivery. Products come fully assembled and ready to use.
- SCS Indoor Advantage Gold Certified.
