

# SEED SEATING

by MooreCo

A simple and sustainable design for all ages.

Seed features an elegant silhouette with slanted curves and angular accents.

# Seed Seating

A simple and sustainable design for all ages, Seed features an elegant silhouette with slanted curves and angular accents.

Designed to grow with you, the Seed seating line fits any age, any space, and any function.

The seating surface is as simple as it is sustainable. Pleasant to the touch, it is also fully recyclable. The back of the shell has a stylish, geometrical pattern reminiscent of a seed.

The ergonomic comfort of the Seed collection's balanced sitting shell and frame foster movement while being seated

Multiple color options and base designs allow a room to adopt a distinguished and formal vibe, or a vibrant and lively mood.

Using only polypropylene and avoiding other materials such as fiberglass, the shell is incredibly soft to touch, yet resistant to intense use.

Platinum base standard on metal bases. Black available with an extended lead time.

SCS Indoor Advantage Gold Certified.

## Standard Includes
